

Grayne Engineered Composite Shingles offer the charm of natural cedar without the ongoing maintenance. The shingle's graining patterns and sharp, crisp edges create natural depth and shadow lines for a striking on-house appearance.

And because true beauty lies in the details, Grayne accessories are designed to match and accentuate Grayne engineered composite shingles.

## Cellular PVC Trim

- Corners and Flat Casing
- Integrated nailing flange forms a 3/4" J-channel for faster, easier installation of Grayne Engineered Composite Shingles
- Provides maximum water management when installed correctly
- Flat Casing used for doors & windows
- Available in white and can be painted to match any siding colors
